

The UNLV Sergeant Clint Ferrin Memorial Clinic

What we do: Complimentary Dental Care for Veterans (exams, fillings, cleanings, and extractions)

Where: UNLV School of Dental Medicine (1001 Shadow Lane Las Vegas, NV 89106)

When: Saturday March 28th 2009 (we will have 5 more this year)

Price: There is a \$20 fee (for supplies)

Here are the qualifications to be a patient:

1. Have no dental insurance
2. Have served in a war zone (do you have a DD214?)
3. Are in financial need
 - a. Please note that if you *can* afford dental care we ask that you become a regular patient at the school and pay our normal fees. Please note that our fees at the school are normally 30-50% lower than a private practice. I stress this because we have a very limited number of patients. Thus, if someone becomes one of the Veterans Clinic patients, but can afford to pay our normal fees, they have taken a spot that another vet in need could fill.

If you qualify, please put an X on all that apply below and send this document to:

john.ferrin@sdm.unlv.edu

- I have cavities that need to be filled
- I have problems with my gums
- I have teeth that are loose
- I need tooth extractions
- I need root canal treatment (___front tooth ___back tooth or if you know the tooth #___)
- I have a single missing tooth that needs to be replaced
- I have several missing teeth that need to be replaced:
- I would prefer to have those teeth replaced with something I can take out (removable) or
- I would prefer to have those teeth replaced with something that is permanent (fixed)
- I need caps or crowns for one or more teeth
- I have no teeth and I need dentures
- I am interested in implants
- I am interested in braces
- Other _____
